

“The Best Day Out Ever”

-Chief Engineer Paul Monaghan, Red Bull F1

**The Forest Experience Rally School
New Venue Announcement -Scotland**

Rally Driving, Field Sports & Heritage Stay

The Forest Experience Rally School team are incredibly proud to officially announce their next chapter and venue.

The Forest Experience has always been unlike any other motorsport business in the UK - and now, it has stepped up a gear (or three).

For over a decade, we have given drivers the opportunity to immerse themselves in rallying exactly as it should be: purpose-built rally cars, championship-winning instructors, and flowing gravel stages set deep within rural landscapes. Now, we offer the ultimate evolution of that experience.

Set within one of Scotland's most remarkable heritage estates, our rally stage is based at Drumlanrig Castle - where over 400 years of history meets world-class motorsport. Here, fast, technical gravel roads weave through an environment that is truly unrivalled - a place where heritage and performance exist side by side. But this is more than just a rally day or test venue.

Guests have the option to enjoy an exceptional on-estate stay, with high-quality self-catering cottages and exclusive accommodation options. Alongside rally driving, experiences such as whisky tasting, shooting, fishing, and wider estate pursuits create a truly immersive escape. A family friendly on site cafe, gift shop and childrens play-ground available to enjoy too.

**Enjoy a weekend of rallying without the guilt of leaving friends and family behind
- make it a get-away to remember.**

We specialise in high-end, fully immersive rally experiences across three core offerings:

Competitor Tuition

From complete novices to drivers pushing towards top level competition, our Centre of Excellence delivers structured, expert-led tuition from active championship competitors.

Corporate & Team Experiences

The ultimate environment for teams and clients -combining rally driving with tailored activities such as shooting, whisky tasting, and castle-estate accommodation. A unique blend of adrenaline, strategy, and unforgettable shared experience. A tailored day can be made just for your team or group.

The Ultimate Rally Experience

As close as you can get to real rallying without owning the car yourself. 1-to-1, 2-to-1, and small / medium group formats featuring recce, pacenotes, and full stage driving - delivering an authentic, end-to-end rally experience.

With the future of rallying in Scotland gathering momentum with WRC Scotland, now is the time to get ahead.

Come to the Forest Experience with all things Rally at Drumlanrig Castle.
